## Education

<b>CVR College of Engineering</b> Bachelor of Science in Computer Science (GPA: 7.68 / 10.00)	Expected May 2025 Hyderabad, Telangana
<b>Sri Chaitanya Junior College</b> MPC (960/1000)	2019-2021 Hyderabad, Telangana
<b>Paramita High School</b> SSC (9.70/10.00)	2018-2019 Karimnagar, Hyderabad

## Profile

A highly motivated and dedicated individual looking for opportunities in the domain of software engineering eager to learn how things work around me in daily life has an ability to complete any work in given time and learn new things without any guidance assertive and works collaboratively in groups

## Projects

### Translator app | HTML,css,JavaScript

- \* Developed a translator app which detects the language and translates into any chosen language
- \* Implemented using Google Cloud API

### TODO-list | vite-React

- \* Developed a TODO list application which stores a list of items under each category.
- \* Implemented using vite react uses JSX.

### Restaurants Review App | MongoDB,Express,Node.js

- \* With this project, I've delved into the world of full-stack development, harnessing the power of MongoDB, Express, React, and Node.js to create a seamless and engaging user experience. By using this application you can create your own reviews, updating existing ones, or even removing outdated feedback, contributing to an ever-evolving database of culinary experiences.
